

New Product Release

Positive Earth Dynalites

We were the first company to manufacture a full range of Lucas "Dynalites" – the alternator that looks like a dynamo. Now we are proud to announce.....

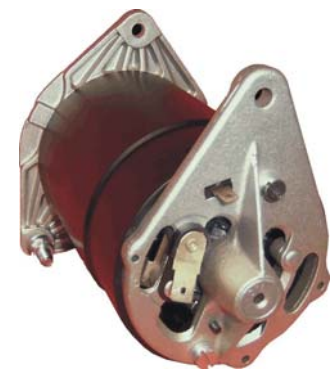

The complete range of Lucas type Dynalites, in *Positive Earth!!*

Totally exclusive to **PowerLite**, these units have been designed and tested for classic and vintage vehicles fitted with the original Lucas type dynamo. The full suite of Lucas Dynalites are now available, including C39, C40, C40L, C42 and C45.

This is the latest addition to the Dynalite range, which already includes replacement units for negative earth Lucas C39, C40, C42 and C45 types, classic VW, Alfa Romeo, Ferrari, Porsche, and Mercedes. All of these units are manufactured in the UK by **PowerLite** and with 30 years of experience in the Automotive Industry you can be confident in the quality and performance of these products.
