Performance Alternators

RAC068

Lucas duplicate, "multi-mount" alternator. This compact alternator has been designed by us to the exact pattern and size of a traditional Lucas ACR type alternator. With an easily adjustable adaptor plate, the alternator can be mounted on either side of an engine. See RAC068R for large pulley version. Also available in our Alternator Fitting Kits

Suitable for Ford BDA, Pinto, X - Flow including A series engines such as A + B series BMC and BL types and Rover V8. Compact, lightweight, high output alternator, suitable for race engines where space is a premium. Built to withstand vibration and engine harmonics, this unit will deliver maximum performance with minimum efficiency. See RAC068R for large pulley version - also available in our Alternator Fitting Kits

RAC068	
Item	Value
Amps	50 A
Shaft diameter	15 mm
Voltage	12 V
Weight	3.00 kg
Wiring configuration	RAC902
