

# High Torque Starter Motors

## RAC410

Ford CVH with Type 9 gearbox and Duratec RWD. Direct replacement for original starter.

Ford CVH with Type 9 gearbox and Duratec RWD. Incredibly powerful, gear-reduced starter motor. Based on a "Visteon" style unit, this starter delivers huge cranking torque through a set of internal gears, drawing less current from the battery versus an original unit. Lightweight, compact and durable this unit uses minimum efficiency whilst delivering maximum power.
