

High Torque Starter Motors

RAC411

Direct replacement for original starter. Fitted with multi drilled face plate to allow the unit to be mounted in multiple positions. See RAC412 for manual gearbox

Ford 289ci,292ci,302ci engines. GT40 V8 automatic (without spacer) Strong, powerful, offset gear-reduced starter motor, delivering huge cranking torque through a set of steel internal gears. Lightweight, compact and durable this unit starts the engine faster with immense power, whilst drawing less current from the battery.
