High Torque Starter Motors

RAC434

Ford RS200 Group B rally car with 1.8 L (110 CID) straight-4; 2.1 L straight-4

Ford RS200 Group B rally car. Incredibly powerful, offset gear-reduced starter motor. Based on a "Denso" style unit, this starter delivers huge cranking torque through a set of steel internal gears, drawing less current from the battery versus an original unit. Lightweight, compact and durable this unit uses minimum efficiency whilst delivering maximum power and has dual polarity.
