

Made in the UK 

High Torque Starter Motors

RAC456A

Check fitment with Powerlite. Check weather original pinion is 29mm or 34mm. RAC456A ready for 34mm, for 29mm please see RAC456

Incredibly powerful, offset gear-reduced starter motor. Based on a "Denso" style unit, this starter delivers huge cranking torque through a set of steel internal gears, drawing less current from the battery versus an original unit. Lightweight, compact and durable this unit uses minimum efficiency whilst delivering maximum power and has dual polarity.

RAC456A			
Make	Model	Engine Size	Year
Gordini	Gordini type 15
