High Torque Starter Motors

RAC702

Incredibly powerful, offset gear-reduced starter motor. Based on a "Denso" style unit, this starter delivers huge cranking torque through a set of steel internal gears, drawing less current from the battery versus an original unit. Lightweight, compact and durable this unit uses minimum efficiency whilst delivering maximum power and has dual polarity.

RAC702

Make	Model	Engine Size	Year
Gardner Douglas	GDT70 for GM LS7 Engine with Porsche G50/G52 GT2 Gearbox		
Ultima	Chevrolet Short Block engine with Porsche		

RAC702

Item	Value
Kilowatts	1.40 kW
