

Powerlite Approved Fitting Centre Program

Here at Powerlite we are committed to providing the very best quality auto electrical products for the classic car industry. As part of our drive to offer wider access to our industry leading range of starter motors, alternators and dynamos, we have created the ***Powerlite Approved Fitting Centre Program***.

The Program aims to pass on the huge advantages of our products and services to classic car enthusiasts, whilst also providing multiple benefits for our Fitting Centre partners.

- 🔧 **Increased exposure via the Powerlite website and our social media channels**
- 🔧 **Eye catching “Point of Sale” material for your premises**
- 🔧 **Discount prices across the entire Powerlite range**
- 🔧 **Access to the best range of Starter Motors, Alternators and Dynalites available**
- 🔧 **Opportunities to share the growth and success of our range of “LiFe” Lithium Ion batteries**
- 🔧 **Increased revenue stream from the very best products available in the market**
- 🔧 **Regular special offers, exclusive to Fitting Centre Partners**
- 🔧 **Opportunities to improve existing or develop new Powerlite units for your area of expertise**
- 🔧 **Assistance with your own promotional activities such as trade nights, club event or shows**

As part our Approved Fitting Centre Program you will become part of the Powerlite distribution network and directly benefit from not only our high-quality products and customer service but a close association with one of the UK’s leading names for Classic Car products.

We are looking for ambitious companies who share our values for top quality products and services – if you want to be part of our continued success, why not get involved?
